NOTE FOR:

Karen:

Could you handle something for me, please.  
I received a call on Friday from [Redacted]

STAT  
STAT

[Redacted] He wants to make an appointment to see Mr. McMahon for the president/vice president of his firm for a "management to management visit." Said his firm does a "lot of work for the Agency." I checked with the Office of Logistics and find that a division [Redacted] is working on the SAFE project (see attached)--which is probably what they want to talk about.

STAT

After checking with your boss could you take the action from here? Thanks.

Karen
